PROTECTION PACKAGE

The Vehicle has third party insurance cover. It is likely that any other vehicle involved in an accident also has third party insurance cover. Depending on the circumstances of the accident, the renter may be entitled to claim for their personal injury against the third party insurance of the party responsible for the accident. The extent of such third party insurance varies in different States and Territories and Cruisin strongly recommends that all passengers take out their own Personal Injury Travel Insurance.

If the renter is responsible for the accident the Vehicle's third party insurance should cover the renter for the liability except where the renter has committed a breach of the Vehicle's third party insurance, e.g. drink driving.

Property Damage

The Vehicle is insured for damage to it or damage to the property of a third party. However the renter is responsible up to the amount of the applicable Liability for the cost of such damage to third party property, or to the rented Vehicle. The renter is also responsible for the cost of demurrage for the period the Vehicle is unavailable due to repairs. The Liability applies in respect of each claim, not per rental.

The Liability is applicable regardless of who is at fault and must be paid at the time the accident is reported to Cruisin, not at the completion of the rental Period. Cruisin reserves the right to charge the renter for any vehicle damage including Third Party property damage not reported on return of the vehicle.
