Driving Licenses in languages other than Roman Script must also be accompanied by an International Driving Permit.

Credit card information will be recorded in compliance with Irish Data Protection Laws. The Credit Card Holder must sign the rental agreement and agree to all terms.

A pre-authorization will be held on the credit card and this pre-authorization will not be processed if there are no additional charges or driving violations (rental extensions, damage, parking, speeding tickets, tolls or any other charges due under the terms of the rental agreement).

Release Of Credit Card Pre Authorisation Pre authorization will be released by the Credit Card holder's own bank. Sixt rent a car will not be responsible for expediting the release of any un-processed pre-authorization.

INSURANCE WAIVERS AND PROTECTIONS

Insurances, Waivers, Protections Issued By Others. Sixt rent a car only recognise insurances, waivers, protections supplied by Sixt rent a car or by an Irish based insurance company. Insurances and covers issued by others will also be recognized if renter provides a letter from insurance / cover provider specifically stating that cover is in place in Ireland for the booked vehicle.

Caution: "Insurances", Waivers, or Protections issued by Companies outside of Ireland do not apply to the rental vehicle, there is no direct cover arranged with Sixt rent a car. Whatever arrangement exists is between the renter and the issuing Company. Renter should be cautioned that most of these products are not Insurance but Reimbursement Schemes and the renter is fully liable for damages to the rental vehicle and also associated costs. Renter must pay the rental company for the damages up to the value of the vehicle and later pursue the issuer of the Scheme for reimbursement. It should also be noted that these schemes do not always pay the full amount. Sixt rent a car recommends that insurances waivers and protections be purchased direct from Sixt rent a car for maximum protection.

Without Insurances, Waivers, Protections supplied by Sixt rent a car or supplied by an Irish based Insurance Companies, the renter is **Totally Responsible for**, and must pay Sixt rent a car directly for, all damage to the rental vehicle irrespective of how it is caused and irrespective of who is at fault.

Sixt rent a car permits renter to decline Waivers, and Protections and Covers offered by Sixt rent a car.

If renter declines Waivers, Protections and Covers offered by Sixt rent a car, and renter does not transfer cover by an Irish based Insurance Company, then renter personally assumes

total financial responsibility for damage to or loss of the rental vehicle and will be charged by Sixt rent a car for all damage to or loss of the rental vehicle.

In this instance the renter must provide a deposit to the full value of the car

Renter Providing Credit Card To Decline CDW. Renter must provide written proof at commencement of rental that the renter's credit card scheme is valid in the Republic of Ireland, for the type of vehicle being rented.

In this case, the renter is liable for the full value of the vehicle, and will be required to leave a preauthorisation of €5,000

Pre-authorisation is held as a guarantee for renter's commitment to pay for damage to or loss of the rental vehicle

Indemnity Cover. If renter cannot provide pre-authorisation of €5,000.00 then there is the option to purchase Sixt rent a car Indemnity Cover

Indemnity Cover retains the renter's responsibility for the excess level of the vehicle; however the amount of preauthorisation required will be reduced.
